About Us

- In 2018, IVS emerged as a promising initiative. Since then, we have evolved as a young company with a clear mission: to simplify the international trade of food products, fostering strong relationships.
- Our vision found resonance among companies and farmers, enabling us to devise robust strategies to reach greater heights. Whether by land or sea, IVS has been navigating significant pathways.
- Situated in the heart of São Paulo, in the state of the same name, IVS brings the Brazilian passion for quality and dedication to transparent business relationships.
